The Golden Grid

Master Manifestation Key

Heart Cord Creation

Close your eyes and get centered in your heart.

Place your attention on the cord coming into the back of your heart... This is your bioplasmic cord that Universal energy flows through and into your body for supporting your body systems.

Check on the condition of your bioplasmic cord... What does it look like? Get a feeling sense of how the cord is in appearance.

Sometimes this cord is clogged or deteriorating due to stress and life events. It may appear to be slimy, mushy or flimsy.

It is important for this connection and cord to be strong, clean and clear of any negative energy so the Universal energy can easily flow into your body and bring you the vital, life giving energies that will support you.

Pull out the old cord and clean out the back of your heart. Now intend to create a new connection that is optimal for the flow of energy wanting to support you. Imagine creating a new bioplasmic cord, one that is healthy and strong, clean and clear.

Creative Coherence Formula

Emotion... Quotient: Top 3 chakras

Thought... Quotient: Lower 3 chakras

Feelings... Quotient: Heart chakra... Your heart becomes a golden heart

1. Think about what you want to manifest... bring the thought energy from your root chakra at the base of the spine up to the heart convergence point. You can use some "I Am" affirmations as your thoughts. **Affirm for example:** I Am so grateful for my beloved SoulMate... these affirmations are stated as if, already, present.
2. Imagine the emotions that are present with the thoughtful affirmations. **For example:** Joy, Happiness, Peace or Serenity. Start to move the emotional energy down from your crown chakra to your heart convergence point.
3. Combine the thoughtful affirmations and the emotions at the heart convergence point to create pictures or visions in your minds eye.
4. Feel the feelings of already having that which you are creating... become alive with the possibility & probability of the creation. Claim with animation that it is already done... and so it is!

Possibility & Probability LifeLines

Creating New Possibility and High Probability Lines... is simple. Focus on thickening the lines you want and dropping the ones you don't. We are either contributing to the creation of, or the dis-creation of a thing, idea or project.

In regards to Possibility lines... Imagine just two possibilities:

- 1) is to manifest your Divine Desire (Desirable)
- 2) is to repel your Divine Desire (Undesirable)

Your possibility lines feed the orb/creation and infuse it with your energy. Place your attention toward your orb and the line will shift from a Possibility to a Probability. Start by sending out your heart coherence signal with a vitalized passion pulse. Locate your divine desire as an orb that is somewhere on the Golden Grid... see, feel, know where the orb is on the Grid.

Connect with the orb from your heart... imagine a possibility line that flows from you to your Divine Desire orb... what is the condition of your possibility line? Is it small or thin? Make sure it is clear and clean. Start to send vital energy... your feeling tone of energy, from your heart convergence point through your possibility line and strengthen your line. Build up your intensity through amplifying your pulse. Watch your orb getting bigger and more vibrant. Will the orb to move into alignment with your future lifeline. Keep sending your energy toward your orb filling it up with all of the passionate energies pulsing through your body.
